MAY BE FIGHTING.

Another Battle Probably in the Indian Territory.

ALL COMMUNICATION CUT OFF.

One Faction Heavily Armed Started For Antlers and the Other Faction Prepared to Give Them a Warm Reception. Fears That the Town Would Be Burned.

PARIS, Tex., March 30.—The relations between the rival factions are still strained to their utmost tension. It is now believed that another battle was fought at Antlers last night. The 19 militiamen who were arrested there Tuesday night and brought here had an examining trial yesterday before United States Commissioner Easton. After hearing the testimony they were released.

They all proceeded at once to a hardware store and purchased a new Winchester piece. After they got their tanks well filled with firewater and boarded the northbound Frisco train at 6 p. m. Before leaving it was believed they would get off at Goodland, 100 miles this side of Antlers. When the train reached that place they were all more or less under the influence of whisky. Only three or four got off.

Judge Duke, who led the assault on Locke's house, insisted on going on to Antlers, and swore he was going to stop there in spite of all that could be done. He was told that the other militiamen were gone and Locke had a strong force there. No argument could dissuade him from his purpose. Only three or four got off. The balance went on.

The southbound train met the northbound train there and passengers say that Locke had 50 men at Antlers and declared if the militia stopped there and made any demonstrations whatever he would fire upon them. The militiamen were in the smoker and the lights were out. Locke and son, who was attending school at Denison arrived yesterday afternoon. Learning the situation young Locke telegraphed his father warning him of what was coming.

All efforts to reach Antlers by wire since then have failed and this is considered as a bad omen. The deputies who went to Antlers Tuesday night came back yesterday. They said that at the time they left all was quiet and the militia was reported to have disbanded. Some believed, however, that this was a ruse to throw Locke off his guard.

People at Antlers fear the town will be burned. Those wounded Tuesday are doing well, except Solomon Battersle, sheriff of Kiametia county, who was with the militia. His recovery is considered almost a question. He was reported to be sinking last night.

No Call For United States Troops.

WASHINGTON, March 30.—The advice received by the Indian office from Indian Agent Bennett at Union Agency, Indian Territory, indicate that the Choctaws are able to take care of the troubles in their country without assistance from the United States authorities.

On the 27th Acting Indian Commissioner Belt sent a telegram to Agent Bennett saying that the situation at Antlers was reported to be critical and asking him to report what action, if any, was necessary to preserve the peace.

In response he has received the two following telegrams:

Tuesday's dispatch said: "Choctaw authorities have not reported the existence of strife beyond their own control, nor asked federal assistance in preserving the peace."

Yesterday the following was received: "Choctaw authorities report no trouble; ask no assistance. Have taken no official action in their affairs. Press dispatch from McAlester report two engagements, 25 killed, several wounded. Can get no dispatches from Antlers."

NARONIC HEARD FROM.

A Letter in a Champagne Bottle Tells the Tale.

NEW YORK, March 30.—A special to The Sun from Norfolk says: William Johnson, the winter watchman at Ocean View, Va., a summer resort near the mouth of Chesapeake bay, yesterday afternoon picked up on the beach at that place a champagne bottle with several corks tied about its neck and with a letter enclosed, giving alleged information from one of the crew of the sinking of the White Star line steamship Naronic. The letter says:

3:10 a. m., Feb. 19.
S. S. NARONIC, WHITE STAR LINE, SEA.
To Who Picks This Up.

Report when you find this to our agents, if not heard of before, that our ship is fast sinking beneath the waves, and it's such a storm that we can never live in the small boat. One boat has already gone, with her human cargo below. God, let all of us live through this. We were struck by an iceberg in a blinding snowstorm and floated two hours. Now it is 3:20 a. m. by my watch and the great ship is deck-level with the sea. Report to the agents at Broadway, New York, M. Kersey & Company. Goodbye.

JOHN OLSEN, Cattleman.

Carrier Pigeon From the Naronic.
LONG BRANCH, March 30.—John Brown yesterday shot a strange pigeon that was among his flock. Upon its leg was found a small silver band bearing the following: "N, 13,301." It is thought here that the bird was from the lost steamer Naronic.

PARIS, Tenn., March 30.—Ex-Governor James G. Porter of this city has telegraphed Private Secretary Thurber to notify the president that he will accept his offer to be minister to Chili.

SHOT HIS WIFE.

Horrible Crime of a Drunken Mopmaker In Newport, Ky.

CINCINNATI, March 30.—One of the most coldblooded crimes in the annals of Campbell county, Ky., was committed at 6 o'clock last evening in Newport in the murder of Sophia Crosby by her husband, Samuel Crosby.

The murder is a mopmaker, and the family lived at 112 West Fourth street. Crosby has not been working for several months, and during this time was often seen in the downtown saloons. Last evening, a little before 6 o'clock, he went home under the influence of liquor and began to quarrel with his wife, using vile and threatening language. His wife, a meek little woman, was preparing supper, and, as was her custom when her husband returned home under the influence of liquor, said but little.

The seeming indifference of his wife to his complaints incensed him more than ever, and he exclaimed that he would end everything if her people did not quit bothering him. She tried to pacify him, which angered him the more, and he rushed to the other side of the kitchen, where stood his old-fashioned, single-barrelled musket, loaded with buckshot. Grasping it, he deliberately fired at her, literally tearing the entire top of her head away. The woman had divined his intent and uttered a scream just before the report of the gun startled the neighborhood. The next instant she sank to the floor dead.

Joe Crosby, a brother of the murderer, residing with his family on the second floor, rushed downstairs upon hearing the shot in time to see the murderer standing over his victim, with the gun still in his hand. Seeing him, and realizing his terrible crime, the murderer tossed the gun in the corner and made a dash for liberty. His brother seized him and attempted to hold him until the officers arrived, but he broke away, scaled the back fence to an adjoining yard, and ran through it to Fifth street, making his escape.

SPANISH EXHIBIT.

It Has Already Reached New York and Being Unloaded.

NEW YORK, March 30.—The Spanish exhibit at the world's fair is now being discharged from the Ceballos steamer Mexico.

The exhibit will be one of the most interesting at the fair, comprising as it does many articles, paintings and relics intimately associated with the life and voyages of the great discoverer.

One painting alone of the shipment is valued at \$50,000, being a Murillo. There are besides about 40 cases of paintings, all old masters of the choicest examples of foreign schools.

A notable feature of the exhibit will be the native wines of Spain, of which there are over 400 cases. Some of this wine goes back several centuries in age. Then there are 15 cases of artillery and other arms, representing the earliest stages of the modern art of war. Many of these guns were used in the early great wars of Spain.

Another notable feature is the China and earthen exhibit, of which 40 immense cases have arrived.

THE MACKEREL SEASON

Will Commence Early Owing to the Expiration of a Law.

WASHINGTON, March 30.—The law which prohibits the landing of mackerel before June 1, has expired, and mackerel vessels are now fitting out to start in early mackerel fishing again. Some have already left Gloucester and Boston to begin the season north of the cape on the Chesapeake bay.

The United States fish commission schooner Crampus is fitting out at Gloucester to continue the investigations which were carried on in the southern mackerel regions during the seasons of 1890, 1891 and 1892 while the law was in force and in two seasons before the law was passed.

Careful observations will be made, and the natural history of mackerel will be gone into, and it is said that very important practical results will be obtained. It is hoped that data bearing upon the effect of the law that has expired will be gathered as to its benefits in increasing the supply of mackerel.

Her Dead Body Found.

NEW YORK, March 30.—The dead body of Margaret Hoffman, who has been missing from her home since Dec. 13 last, was found floating in the East river at the foot of Delancey street yesterday. Mr. Kreigler said that she believed her sister had become insane because of her betrayal, at which she had hinted the day before she disappeared. According to Mrs. Kreigler, Miss Hoffman had been in love and keeping company with a young barkeeper, who Mrs. Kreigler believes was the cause of her sister's trouble.

Miller Assigns.

JORDAN, Minn., March 30.—Frank Nicoline, who operates a big flouring mill here, has made an assignment for the benefit of his creditors, naming Gerhard Hillard assignee. The liabilities are \$30,000, and assets about \$70,000. The Merchants' National bank of St. Paul is the heaviest creditor, holding paper to the amount of \$55,000.

A Little Girl Shoots Her Playmate.

HARRODSBURG, Ky., March 30.—Near Nevada yesterday the 7-year-old son of Robert Prewitt was accidentally shot by Flora May, 11. She playfully pointed a self-acting pistol at the boy and said she was going to shoot. The pistol was fired, the ball striking the little fellow in the head. He will die.

EXTENDED DEBATE.

One Has Been Begun in the Senate.

THREE SENATORS INVOLVED.

They Are the Ones Appointed by the Governors of the States of Montana, Wyoming and Washington—A Number of Confirmations in Executive Session.

WASHINGTON, March 30.—The senate yesterday entered on what promises to be a protracted debate. The report of the committee on privileges and elections in favor of the three senators appointed by the governors of the states of Montana, Wyoming and Washington was called up, and Mr. Pugh (Dem., Ala.) delivered a constitutional argument of the position by the committee.

The discussion that followed was participated in by senators on both sides of the chamber, most of them indicating concurrence with the views of the minority of the committee, adverse to the admission of the senators.

Senator Power (Rep., Mon.) demanded an investigation by a special committee of the charges made against him two years ago by Senator Turpie, (Dem., Ind.) and quoted in yesterday's Washington Post, and a resolution referring the matter to the committee on privileges and elections was offered, but went over without action.

Mr. Gorman (Dem., Md.) intimating very broadly that if the senate wished to go into the investigation of transactions which had occurred prior to the election of senators, the investigation would have to take in several of the senators on the Republican side of the chamber.

The senate then went into executive session.

The senate after its executive session announced the following confirmations: William H. Simm of Mississippi, assistant secretary interior.

Frank E. White, United States marshal for Nebraska.

George Pfeiffer, Jr., marshal of New Jersey.

John S. Seymore of Connecticut, commissioner of patents.

Edward A. Bowers of Washington, assistant commissioner general land office.

Henry C. Bell of Illinois, second deputy commissioner of pensions.

Max Judd of Missouri, consul general at Vienna.

John E. Risley of New York, minister to Denmark.

E. P. Gayle, receiver of public moneys at Roswell, N. M.

THE AGRICULTURAL EXHIBIT

For the Fair Will Be Large and Unusually Interesting.

WASHINGTON, March 30.—In response to request from Secretary Morton, calling for a statement concerning the exhibit to be made at the world's Columbian exposition by the department of agriculture, Assistant Secretary Willets has prepared a pamphlet, showing that the allotment of the appropriation for the government display of the department was \$142,350. Of this there had been disbursed for expenses to March 1 \$33,047.32, leaving an available balance of \$109,302.68, which is to cover all expenses in completing the exhibit, the transportation, installation, care and attendance and the return of the exhibit to the department at the close of the exposition. The estimated cost of all this is \$51,733.17, leaving for contingencies \$7,569.51. Assistant Secretary Willets says it is his expectation that the entire department's exhibit will have been shipped to Chicago by April 1.

Andrew Jackson Relics.

NASHVILLE, March 30.—Governor Turney sent a message to the general assembly yesterday earnestly recommending the appropriation of \$15,000, to supplement a sum already raised by the Ladies' Hermitage association, for the purpose of purchasing the relics of Andrew Jackson. The ladies now have an option on these relics, which option expires July 1 next, and the object of the message is to have the state provide part of the means with which to make the purchase.

An Appeal For Aid.

MEMPHIS, March 30.—The citizens of Kelly, Tunica, Shaw and Cleveland have made an appeal for aid in behalf of the cyclone sufferers in north Mississippi. From reliable circumstances it is learned that 1,000 families are in destitute circumstances in DeSoto, Bolivar, Sunflower and Coahoma counties. The cyclone struck that section at a time when the farmers' had just finished planting. The various exchanges of Memphis yesterday contributed large sums to the sufferers.

Six Weeks' Suffering in the Ozarks.

GREENCASTLE, Ind., March 30.—Addison Heber, who disappeared from Hot Springs, Ark., in February last, arrived at his home yesterday, after having spent six weeks of suffering in the mountains of Arkansas. His employer at Hot Springs stated that he left there with \$600 in money, a diamond pin and a gold watch. He had only the pin when he arrived home. His mind wanders, and he imagines some one is after him. He was declared insane.

Indications.

Generally fair, warmer weather; southwesterly winds; severe gales on the lakes; possible local showers Thursday night at lake stations.

GENERAL SMITH'S FUNERAL.

The Remains to Be Buried in the Little Cemetery Near Sewanee.

NASHVILLE, March 30.—The body of General Edmund Kirby Smith will be laid to rest Friday afternoon in the little cemetery near Sewanee. Already this burial ground is hallowed with the remains of many illustrious men, who were co-laborers with him in the work to which he gave the latter years of his noble life. It was his wish that it should be his last resting place.

A special train, bearing the Frank Cheatham bivouac, state officials and personal friends will leave this city for Sewanee Friday morning. En route, it will stop for veterans' organizations from towns along the line. Hundreds of old soldiers will participate in the obsequies. It is the desire of the family that the general's son and namesake, who was in Mexico at the time of his death, be present at the funeral and the burial will be delayed as long as possible.

General Kirby Smith died a poor man. He had a large family and adhered to old southern custom of hospitality. His only income was his salary. A few months ago his home and contents were destroyed by fire. With the assistance of friends and the insurance money he was enabled to rebuild. The new structures were but recently completed and the family had just made themselves comfortable in their new home. The general had begun to recover from the expense entailed by the misfortune and was thoroughly content, hoping to devote many happy days attending to duties which he devotedly loved. Though death came suddenly, it found him like the exigencies of life, ready to cheerfully obey its inexorable mandate. His last words betokened the Christian resignation, with which he accepted the call.

ALL THE COMFORTS OF HOME

Will Be Enjoyed By the Dr. Seward Webb Party.

NEW YORK, March 30.—The most costly and luxurious train of cars that has ever crossed this continent left the Grand Central station of the New York Central road at 10 o'clock Wednesday morning. It is composed of six elegant Wagner coaches, and it will carry Dr. Seward Webb, his family and a few invited guests to the Pacific coast and back.

This train constitutes a perfectly equipped hotel on wheels, with an uncommon supply of the comforts of home. It includes Dr. Webb's private car, Ellsmere, which is said to be the most sumptuous production of the Wagner Palace Car company, the private car Idler, the new observation car Ne-Ha-Sa-Ne, the private compartment car Daphne, a private diningcar, and a combination car to carry the help and the baggage.

The party will go to Chicago, and from there will proceed directly to New Orleans. Then they will proceed to Vancouver. From that point they will make the trip over the Canadian Pacific road, stopping in Chicago, and they will remain until they tire of the world's fair.

The entire trip will consume about three months' time.

TEMPERANCE STREET LAMPS.

Lasses in a "Dry" Town Will See That the Town Is Not Dark.

EYOTA, Minn., March 30.—The Young Woman's Christian Temperance union proposes some practical temperance work. The village recently voted "no license," and the carpers have said that without license fees there would be no public lighting of the streets. The "Y's" obtained charge of the street lamps, raised money for oil by subscription, and allotted a lamp to each girl, whose pleasure it will be to keep it trimmed and burning.

Bank Cashier Arrested.

NASHVILLE, March 30.—Frank Porterfield, cashier of the late Commercial National bank, was placed under arrest yesterday by United States Commissioner H. M. Doak. The warrant was served on Mr. Porterfield at his home, he being still unable to leave his room. Almost immediately 10 friends of the unfortunate man stepped up and signed a \$10,000 bond demanded as security. The warrant was issued upon an affidavit made by Bank Examiner McKnight, which charges the cashier with false presentation of accounts.

Counterfeiter Jumps From a Train.

CHICAGO, March 30.—Harvey Leonard, under conviction for counterfeiting, jumped from a Northwestern train near Colo, Ia., and escaped. Leonard was in keeping of United States Marshal McChesney of Tacoma and three deputies. The deputies started east four days ago with four prisoners, including Leonard, who were under sentence for various terms in the Detroit house of correction. Two of the deputies were put off to hunt him up, while McChesney came on with the rest of his convicts.

But One Nomination.

WASHINGTON, March 30.—The president sent to the senate yesterday the following nomination: Herman Stump of Maryland to be superintendent of immigration, vice William D. Owen, resigned. Herman Stump is a well known member of the Maryland bar. He served two terms in congress and was chairman of the house committee of the last congress. He has always been prominent in the politics of his state.

Henry Cabot Lodge's Successor.

BOSTON, March 30.—Speaker William F. Barrett of the Massachusetts house will succeed Henry Cabot Lodge in the national house, the result of last night's remaining congress caucus, and giving him 56 delegates to 53 for Mayor Hayes of Lynn. A nomination is equivalent to an election.

FIRE DESTRUCTION.

Heavy Losses and Human Lives Sacrificed.

A GERMAN VILLAGE BURNING.

Seventy Houses Already Destroyed and the Fire Still Raging—Twenty People Have Perished While Many Others Are Missing—Fire Destroys Part of the New York Penitentiary at Auburn. Fire Raging in an Ohio Mine—Other Fire Losses.

BERLIN, March 30.—A terrible fire is reported from the little mining village of Kearnen, near Bleiberg. From 10 to 20 persons are believed to have perished. Nearly 70 buildings have already been burned and the fire is still raging furiously.

Five persons are known to have been killed and many are missing.

FIRE IN A PRISON.

The Penitentiary at Auburn, New York, Damaged.

AUBURN, March 30.—A fierce fire broke out in the shops of the state prison at noon yesterday. The convicts were all locked in their cells and no trouble occurred. The fire was extinguished before 2 o'clock.

The shops inside were the pearl button shop, the brass bedstead shop, the brass foundry and foundry No. 2, all belonging to the state, and Stickley & Simmons' furniture shop.

The fire caught in the finishing room of Stickley & Simmons, and was presumably the work of convict firebugs. Warden Durston estimates the loss to the state on buildings and stock at \$40,000; no insurance. Stickley & Simmons place their loss at \$50,000; insured for \$25,000.

The prison authorities are criticised severely for not admitting the firemen at once instead of waiting until the fire gained much headway.

Breaker Burned.

HAZELTON, Pa., March 30.—Fire was discovered yesterday in the boilerhouse beneath the large iron breaker of Cox Brothers & Company at Oneida. While there was very little woodwork about the breaker it was streaked with oil, and the flames spread with lightning rapidity. As there was no way of fighting the flames the fire had full sway and the machinery was totally destroyed. The structure was erected at a cost of \$250,000 and was the only one in the country. Fifteen hundred men and boys are thrown out of employment.

Fire in a Mine.

TRIMBLE, O., March 30.—The Phenix mine at Jackson was found on fire yesterday, as a result of the gas igniting. Work ceased and every effort is being made to extinguish the flames. Charles Gates, Daniel Wells and Claude Stevenson, who were engaged in subduing the fire, were overcome by the smoke and gas and were carried from the mine in an unconscious condition. More men are in the mine, and great anxiety is felt for their safety.

Big Incendiary Fire.

LLANO, Tex., March 30.—Fire here yesterday destroyed property to the value of \$55,000, with \$20,000 insurance. The losers are: W. A. H. Miller, building, \$22,000; B. H. Lauderdale, building, \$12,000; B. Yates, drugstore, \$10,000; H. W. McGhee, bar, \$7,500; Dr. C. F. Darnall, household, \$2,000; C. R. Porter, household, \$1,000. The fire was incendiary.

Knitting Works Damaged.

UTICA, N. Y., March 30.—The carding and spinning, packing, stock and boiler buildings, belonging to the plant of the Camden Knitting company, in the village of Camden, Oneida county, were destroyed by fire yesterday afternoon. The main building, however, was saved. The loss is estimated at from \$60,000 to \$70,000.

Frame Houses Burned.

WEST INDIANAPOLIS, March 30.—Fire at 2 o'clock yesterday afternoon destroyed three frame houses; a fourth was damaged.

DERRICK CAPSIZED.

A Dozen Men Injured, Two of Them Seriously.

ELIZABETH, N. J., March 30.—A big derrick, which was being operated on the top of the Pennsylvania railroad trestle at Broad street, here, capsized yesterday while a gang of men were in the act of lowering a huge iron girder into place. When the derrick, the car and the stationary engine upset the dozen men were hurled in all directions, some of them jumping for their lives.

A freight train was passing slowly under at the time, and one excited man jumped between the two freight cars, luckily landing on the bumpers and being only slightly hurt. Two laborers, Thomas Hadley, 46, of New Brunswick, and James Struckey, 19, of Newark, were badly cut about the head and bruised about the body and were taken to the Elizabeth hospital. Half a dozen others sustained slight cuts and bruises. The accident was caused by too much weight being put on one side of the flat car, on which the engine and derrick rested.

The Saw Burst.

LEBANON, Ind., March 30.—John Peese, a young man who just began work in Kellogg's sawmill yesterday morning, was instantly killed about 11:30. A large circular saw burst, and a piece struck him in the head.

THE BOOT AND SHOE TRADE AND THE TARIFF.

The Albany Express attributes the great increase in the manufacture of boots and shoes in St. Louis to the McKinley bill and says it is an argument that the law should remain on the statute books.

"This shows," says the St. Louis Republic, "that the Express sometimes talks without knowing what it is talking about. The great prosperity of the boot and shoe business in St. Louis is due to 'Democratic free trade.'"

"The duty on boots and shoes of leather is not a McKinley, but a free trade, tax. The tax is only 25 per cent. on the finished goods and the raw material is admitted free of duty. As a result, American manufacturers are not only supplying the American market, but are exporting. It would make no difference as far as they are concerned if the 25 per cent. duty on boots and shoes were repealed altogether. They hold this market on the quantity and quality of the goods they make, and are not afraid to compete with foreigners."

"When Mr. McKinley was making his bill he proposed to change the free trade duties in the leather schedules and he began by proposing a tax on hides, but there was such a loud and alarming protest from the trade that he thought it best to abandon the attempt."

The scalps of a good many Republican postmasters are already dangling at Congressman Paynter's belt.

HON. J. D. KEHOE is making a fight for the position of Chief of the Stationary and Printing Division of the Treasury Department. Mr. Kehoe was a practical printer for years, and is eminently fitted for the position he seeks. Here's hoping he'll get it.

SAYS the Brooksville correspondent of the Augusta Chronicle: "During the term of court last week, this being Judge Harbeson's first term in Bracken County, he has proved himself to be a profound jurist. He is careful and painstaking in the investigation of all questions presented for his consideration, and all who know the Judge know that he decides all questions as he believes to be right. Judging from the outside expressions he is entirely satisfactory as a Judge, to the bar and to the people."

THE Fleming County Board of Equalization raised the Assessor's list \$34,555, and discovered omissions of \$29,367. Increase \$63,922. It made reductions amounting to \$16,372, leaving the net increase over the Assessor's list \$47,547. The Assessor reported \$5,359,973, making a total of \$5,407,520. The exemptions amount to \$318,744, which leaves a net balance for taxation of \$5,088,776 for 1893. Compared with 1892, there is a falling off for taxable purposes of \$77,710. The net increase in the wealth of the county is \$257,486.

THE Ohio Legislature has passed a law providing that "any married man who shall fraudulently represent himself to be unmarried and make proposals of marriage to any unmarried female of good character, or repeatedly call on or keep company with such female upon such false pretense that he is unmarried, shall be deemed guilty of a misdemeanor, and upon conviction be fined not less than \$100, nor more than \$300, or imprisoned in the county jail not less than six months nor more than two years, or both, at the discretion of the court."

MAGNOLIA LODGE, I. O. O. F., of Cincinnati, is forty-three years old. During its existence the lodge has received by initiation and card over 1,200 members, and has lost by death, withdrawal, suspension, &c., over 1,000 members. The total receipts through dues and investments have been about \$200,000, while the expenditures for payment of sick benefits, relief of the distressed, burying the dead and donations to sufferers through great public calamities have aggregated about \$100,000. Jacob C. Nold, aged seventy-nine, is the only surviving charter member. This lodge has \$42,000 stock in the new I. O. O. F., Temple at that place and is the richest lodge in Ohio. Mr. Louis Vanden, the Permanent Secretary, is an ex-citizen of Maysville.

The Holy Week

This week, beginning with Sunday, is the most solemn season of the religious year. Every day has been famed in art or song or story. Palm Sunday signifies Christ's triumphal entry into Jerusalem. As a special reward for some service rendered, Pope Sixtus VI granted a privilege to a family at St. Remo. This privilege was the exclusive right to furnish palms for the ceremonies at St. Peter's on Palm Sunday. The descendants have enjoyed this privilege to the present day.

Wednesday is peculiarly celebrated at St. Peter's in Rome by singing the Miserere. During the ceremony a candle-stick with fifteen lighted candles is placed upon the altar, one of which is extinguished at the end of each psalm. The central light is extinguished after the Benedictus and placed behind the altar and not replaced until the end of the services, thus illustrating the death and resurrection of the Saviour.

Maundy Thursday derives its name from maunds, meaning hand-baskets, from which alms were distributed on this day. In former days, and in some cases at the present time, the custom of feet washing has been followed by reigning monarchs, emblematic of their humility. Maundy Thursday also commemorates the Last Supper, the one unquestioned ordinance of every branch of the Christian Church throughout the world.

The end of the Lenten season is fittingly found in the joys of Easter Sunday, but this is properly preceded by the solemn quiet of Good Friday, the day of crucifixion. It is a day of fasting and not feasting. If properly observed the church bells are quiet and the services are without music of any kind. The mind of the celebrant is taken back to that day when darkness was over the earth, when the first followers were in gloom and despondency as to whether He would rise again. It is indeed a holy week, and is a week observed and noted by more people than any other portion of time, unless we except Christmas which honors the birth of Him whose end is mournfully recalled in these religious rites.—Cincinnati Tribune.

The value of church property owned by this conference is over \$300,000, while they also own some 50 parsonages valued at \$18,000; \$49,669 was paid in preachers' salaries last year, and \$2,332 raised for benevolent purposes.

Chesapeake and Ohio Prospects.

President M. E. Ingalls takes a very rosy view of the C. and O. He thinks its prospects as bright as those of either of the trunk lines. In fact, he says the C. and O. was the only trunk line of the six which showed increased net earnings in January and February, 1893. The road has its arrangements about perfected for making it much more prominent as an export line than heretofore, and will handle export business for London, Liverpool and Glasgow with a promptness which means success. The stock of the steamship lines is largely in the hands of the C. and O. road, and is really an American steamship line.

LATIMER SAFE IN PRISON.
The Triple Murderer Tells of His Sensational Escape.
JACKSON, Mich., March 30.—R. Irving Latimer, the triple murderer, is again behind the bars. His capture was effected near Jerome, about 20 miles from this city. Latimer was brought from Jerome in a carriage, and under strong guard, arriving at the prison at 3:40 o'clock yesterday morning.
A number of citizens of Jerome brought out ropes to hang him, but were induced to use no violence.
Latimer says that he intended to escape all the time. He studied up all the medicine which would act the quickest, but he declared he never intended to kill any one. Prussic acid, he said, would render the guards unconscious for an hour, and he gave it to Haight with the intention of putting him to sleep until he (Latimer) got away. He expressed a regret that Haight was dead, and he must have made the solution stronger than he intended.
P. Gill, captain of the guards at the prison, was yesterday arraigned before Justice Palmer on a warrant sworn out by Warden Davis, charging him with unlawfully and feloniously allowing R. Irving Latimer to escape from the prison. He demanded an examination, which was set for Friday morning at 9 o'clock. His bail was fixed at \$1,000 and he is still in jail.

KNOWLEDGE
Brings comfort and improvement and tends to personal enjoyment when rightly used. The many, who live better than others and enjoy life more, with less expenditure, by more promptly adapting the world's best products to the needs of physical being, will attest the value to health of the pure liquid laxative principles embraced in the remedy, Syrup of Figs.
Its excellence is due to its presenting in the form most acceptable and pleasant to the taste, the refreshing and truly beneficial properties of a perfect laxative; effectually cleansing the system, dispelling colds, headaches and fevers and permanently curing constipation. It has given satisfaction to millions and met with the approval of the medical profession, because it acts on the Kidneys, Liver and Bowels without weakening them and it is perfectly free from every objectionable substance.
Syrup of Figs is for sale by all druggists in 50c and \$1 bottles, but it is manufactured by the California Fig Syrup Co. only, whose name is printed on every package, also the name, Syrup of Figs, and being well informed, you will not accept any substitute if offered.

Well, let us be thankful for the rare blessings vouchsafed us to-day, and with more mature judgment HENRY ORT proposes your good health and invites your attention to the proverb,
"Enough
Is as Good as a Feast."
But at the same time he invites your attention to his stock of goods, such as
